FOCSERA

About Focsera For Schools For Schools

Reimagining school programs for the next generation

Focsera For Schools is an education-technology company that partners with high schools to deliver exciting, skill-focused programs and world-class marketing content — all at a nominal, affordable cost to the school.

We combine experiential learning events with professional media production, turning every program into both a student growth opportunity and a powerful showcase for your school's brand.

Why Schools Partner With Focsera For Schools

For Students

- Academic enrichment beyond the classroom
- Critical thinking & analytical skills
- Public speaking & confident communication
- Teamwork, leadership, and collaboration
- Creativity, innovation & entrepreneurship
- Career-readiness with industry exposure
- Hands-on AI & digital skills

For Schools

- Elevated institution reputation & prestige
- Student-centered, experiential learning
- Professional media & PR opportunities
- Reels, posts & Instagram-ready content
- Handbooks & printed magazines per event
- Offline marketing materials included
- Zero operational budget outflow

InnovateX Flagship Summit

A Three-Day Innovation Extravaganza for High School Students

#UnleashingtheX-FactorOfInnovation

InnovateX is more than an event — it's a launchpad for the next generation of creators, thinkers, and leaders. An immersive three-day festival blending strategy, communication, and innovation into one electrifying experience.

Students unearth hidden strengths and cultivate essential real-world skills beyond the classroom through a structured journey of Bid · Battle · Believe.

The Three Core Pillars

BID	BATTLE	BELIEVE
Master Strategy	Sharpen Leadership	Trust Your Vision

4 Mini Events Inside InnovateX

IPL Auction

Strategy · Financial Literacy · Sports Enthusiasm

- IPL-style player auction with a ₹90 Crore virtual budget
- Students make quick, well-thought-out decisions on player bids
- Builds financial literacy — understanding allocation, cost, and prioritization
- Promotes analytical evaluation to build a balanced, winning squad
- Team size: 2–4 students

Brand Battles

Marketing · Creativity · Persuasion

- Students design campaigns, logos, and brand pitches from scratch
- Judged on: Creativity (30%), Brand Positioning (20%), Presentation (20%), Defence (20%), Teamwork (10%)
- Develops marketing concepts, creative advertising, and analytical thinking
- Hands-on exposure to how companies build and maintain brand identity
- Team size: 2–4 students

Young Innovators

Innovation · Problem-Solving · Pitching

- Students present original solutions to real-world problems
- Encourages belief in the power of their own ideas
- Develops entrepreneurial thinking and presentation skills
- Team size: 2–4 students

Echoes

Mentorship · Guidance · Personal Development

- A unique mentorship session in a safe, open, supportive environment
- Academic guidance: doubts in science, math, languages, and exam strategies
- Personal development: self-confidence, time management, leadership
- Confidential counseling platform for personal struggles without judgment
- Creates lasting mentor-student bonds that extend beyond the event

3-Day Schedule Overview

Day	Session	Activities
Day 1 — Morning	Inauguration & Orientation	Lighting of lamp · Team kit distribution · Event briefing · Chief guest speech
Day 1 — Afternoon	Events Commence	IPL Auction · Brand Battles · Young Innovators · Echoes begin
Day 2 — Morning	Competitions Continue	All four events continue — core activities and intensive engagement
Day 2 — Afternoon	Strategic Deep Dive	Strategy refinement sessions across all events
Day 3 — Morning	The Grand Finale	Final rounds of all events — Auction finals, Brand pitches, Innovation presentations
Day 3 — Afternoon	Valedictory & Awards	Prize distribution · Certificates · Cultural performances · Group photos

🏆 Prizes & Perks: Cash prizes for winners · Participation certificates for all · Exclusive goodies & merchandise · Networking with innovators & mentors

PromptX — AI Workshop

A Single-Day Hands-On AI Experience for Classes 6–10

PromptX introduces students to the world of Artificial Intelligence through hands-on, project-based learning. No prior coding knowledge required — all activities are designed to be fun, interactive, and immediately applicable to academic work.

Duration: Single Day Workshop | Fee: ₹149 per student | Classes: 6–10

Workshop Highlights

Session 1: Discovering the World of AI

- Introduction to AI and its real-world impact
- Live AI tool demonstrations with real examples
- Understanding how AI changes everyday life
- Ethical & safe AI use training

Session 2: Hands-On with AI Tools

- Guided practice with real AI tools
- Project-based tasks — students create real outputs
- Prompt engineering for better AI responses
- Q&A, peer showcase, and feedback

What Students Will Achieve

- Confidently use multiple AI tools for schoolwork
- Design better presentations and reports with AI
- Automate repetitive tasks to save time
- Apply AI ethics responsibly in academic work
- Master prompt engineering for better AI responses
- Boost academic creativity and productivity
- Build a portfolio of AI-assisted projects
- Become a responsible digital citizen

What Focsera For Schools Provides to the School

All sessions conducted by AI professionals

Expert trainers who make AI fun and accessible for school students.

Study materials & certificates included

Every student receives a certificate and take-home workshop materials.

Full technical & workshop management

Complete end-to-end logistics — school just provides the hall.

Mentors and instructors provided

Dedicated session coordinators throughout the workshop.

FOCSERA

Focsera For Schools Labs

A Year-Long Future Skills Program — Every Saturday

Focsera For Schools Labs turns Saturdays into creator academies. It's a structured, year-long program designed for Classes 6–12, where students learn Design, Video Editing, AI Tools, Podcasting, and Entrepreneurship — all inside their own school.

📌 Schools want to offer skill programs but lack trainers, content, tools, and execution capacity.

📌 Students want to learn real skills but don't know where to start.

☑ Focsera For Schools Labs solves this. We handle everything end-to-end — zero effort from the school. Zero cash outflow.

Category 03

Career Launch

Classes 11 & 12

- Cinematic DaVinci Editing
- Freelancing Basics
- LinkedIn & Portfolio Setup
- Startup Pitching
- TEDx-Style Public Speaking

The Focsera For Schools Framework — Every Session

Every Labs session follows the same proven three-part structure. What changes is the depth and the topic:

Phase	Name	What Happens
Phase 1 — Demo	See It	Live skill demonstration with real before/after examples. Trainer explains the 'why', not just the 'how'. Visual, fast-paced — no passive slides.
Phase 2 — Create	Do It	Guided exercise followed by independent creation. Trainer coaches one-to-one. Every student builds a real, finished output.
Phase 3 — Celebrate	Win It	Best work displayed on projector and peer-judged. Winner announced. Badges and certificates distributed. One WOW moment every session.

📋 Output-Based, Not Exam-Based: Focsera For Schools Labs uses no written exams. Students are evaluated purely on the portfolios they build over the year.

Subscription Plans

Basic Starter

Best for short pilots & trials

- Trained Trainer + Content
- Posters & Marketing
- Session Certificates

★ MOST POPULAR

Standard Skill

Complete academic year experience

- Everything in Basic
- Professional Photography

Digital Marketing & School Promotion

Your School Becomes the Story

Every Focsera For Schools program is a media production opportunity. We bring out the best content from events and students — crafting materials that help your school build a powerful, skill-focused brand presence online and offline.

What We Produce for Your School

Digital Content

- Instagram reels from events & student highlights
- Engaging posts showcasing school's skill programs
- Unique social media content that sets your school apart
- Photos of events, winners, and key moments
- Content that portrays school as skill-focused curriculum

Print & Offline Materials

- Handbook for each event — publishable as a school magazine
- Offline marketing materials to promote the school
- Certificates, badges, and branded merchandise
- Branding kit for school corridors and noticeboards
- Annual showcase materials and programs

Our Track Record

Proven. Trusted. Growing.
